CAREER TIMELINE (Top Companies Worked With)

PROFESSIONAL EXPERIENCE

Jun '23 – Present: ZURU Tech India Pvt. Ltd., Kolkata as Operations Lead

Directing end-to-end operations at the Kolkata office, driving software development for eco-friendly, affordable home design using C/C++, AI and Python. Overseeing cross-functional collaboration across Software, Structure, Research, and MEP teams. Managing infrastructure, recruitment, vendor coordination, team performance, and strategic business decisions. Ensuring timely project delivery through Agile practices while nurturing a high-performance, collaborative work culture.

Achievements:

- Successfully delivered **10+ Agile releases**, streamlining release cycles and boosting team velocity.
- Conducted **40+ interviews** and proactively forecasted resource requirements, leading to the successful hiring of **10+ professionals** across technical and operational functions.
- Implemented structured performance management, improving productivity by **30%** across teams.
- Cultivated a collaborative culture, resulting in **attrition reduction by over 25%** and elevated employee satisfaction.
- Optimized vendor engagement and infrastructure management, achieving **15% cost savings** in operational expenditures.

Jan '22 – Nov '22: Iron Systems India Pvt. Ltd., Noida as Associate Director

Managed operations at the Noida Development Center under the App Factory Model, managing cross-functional teams across web, mobile, and desktop platforms. Spearheaded strategic planning, project execution, and IT alignment. Led onshore/offshore delivery, ensured SLA compliance, and upheld quality standards. Drove product vision, roadmap development, and Agile implementation via Release Train Engineering. Managed stakeholder engagement, client coordination, and governance framework rollout. Fostered a high-performance, low-attrition culture through structured team-building initiatives.

Achievements:

- Delivered over **25 successful releases** across mobile, web, and desktop platforms within stringent timelines.
- Spearheaded Agile Release Train implementation, improving sprint delivery rates by **40%**.
- Designed and implemented a comprehensive governance review model, reducing project delivery gaps by **35%**.
- Facilitated hiring and onboarding of **25+ resources after conducting 60+ interviews**, ensuring strong skill alignment.
- Maintained an attrition rate below **8%** through strategic employee engagement and recognition programs.
- Strengthened client satisfaction through robust communication frameworks, achieving **95 %+ SLA adherence**.
- Enabled cross-team collaboration with global product groups, adding **three new offshore workstreams**.
- Launched employee initiatives like **award systems**, leadership connects, and team-building events, boosting morale and visibility.

Jan '13 – Dec '21: Capgemini Consulting India Pvt. Ltd., Bangalore as Manager & Scrum Master

Led global digital transformation across Salesforce, mobile, and web platforms using Agile in an Offshore-Onshore model. Drove Agile ceremonies, backlog grooming, sprint planning, and stakeholder collaboration. Set up and scaled an offshore App Factory, enhancing team efficiency. Implemented JIRA tracking & Confluence and standardized Agile templates for on-time, on-budget delivery. Oversaw team performance, appraisals, and cross-functional training, fostering a high-performance, low-attrition culture.

Achievements:

- Scaled the offshore development center from inception to **75+ mobile developers, 20+ web developers, and 25+ Salesforce professionals** across global locations.
- Delivered **30+ web, iPad, iPhone, Salesforce, and Android apps** within timelines using Agile and Scrum methodologies.
- Established Agile processes, significantly improving sprint velocity and reducing delivery time by **35%**.
- Successfully led **Scrum of Scrums**, backlog grooming, sprint planning, and progress tracking using JIRA and Confluence.
- Increased business revenue by **2X** through presales support and strategic consulting.
- **Reduced attrition and boosted engagement** via recognition programs, team-building, leadership connects, and social events.
- Executed **100+ campus recruitment drives and retention initiatives**, growing team strength and stability.
- Managed key **global client relationships**, resolving escalations and driving satisfaction across **USA, Belgium, France, Australia, and Vietnam** assignments.
