PROFESSIONAL EXPERIENCE

AVP – Delivery & Operations

Aidetic | Mar 2023 – Present | Bengaluru

Promoted to lead Delivery & Operations at scale, with full ownership of execution, P&L, and operational strategy

- Own **end-to-end Delivery & Operations** across a multi-account portfolio, ensuring predictable execution, quality, and alignment with business goals
- Lead and scale a **50+ member cross-functional team** (Data Engineering, AI/ML, Full Stack, QA), driving accountability, performance, and delivery excellence

- Partner with **CXOs and senior stakeholders** to translate business objectives into execution strategies across Data, AI, and Digital Transformation programs
- Establish and institutionalise **governance frameworks (KPIs, SLAs, OKRs)**, improving delivery predictability, transparency, and performance tracking
- Drive **resource planning, utilisation, and cost optimisation**, ensuring efficient allocation and improved margins without compromising quality
- Lead **operational transformation initiatives**, including process standardisation, workflow optimisation, and automation, enhancing scalability and execution speed
- Build **trusted advisor relationships with client leadership**, positioning delivery as a strategic enabler of business outcomes
- Identify and drive **account expansion opportunities**, contributing to revenue growth and long-term client partnerships
- Mentor and develop **Delivery Managers and Leads**, strengthening leadership depth and enabling organisational scale

★ **Key Achievement:** Transformed delivery into a scalable, operations-driven function aligned with business outcomes, improving predictability and enabling account growth

Project Management & Business Development Manager

DesignCrew | Jul 2019 – Mar 2023 | Bengaluru

Built a strong foundation in delivery + business growth, managing both execution and revenue generation

- Led end-to-end delivery of e-commerce, digital, and enterprise software projects, ensuring alignment with client requirements and business objectives
- Managed Shopify implementations and Magento-to-Shopify migrations, enabling digital transformation for multiple clients
- Delivered branding, digital campaigns, and web solutions, bridging business needs with execution
- Drove business development initiatives, identifying opportunities, acquiring new clients, and converting them into long-term engagements
- Managed client relationships and stakeholder communication, ensuring satisfaction and repeat business
- Worked with premium clients such as Pure & Sure and idX India, delivering high-impact digital solutions

★ **Key Achievement:** Successfully integrated delivery execution with business development, driving both project success and revenue growth

Business Development Manager

Xiphias Software Technologies | May 2017 – Jun 2019 | Bengaluru

Expanded into enterprise-scale delivery and complex program environments

- Led **end-to-end delivery of software and hardware solutions**, including web applications and automated digital systems
- Managed **large-scale enterprise projects** for clients including Coca-Cola, Myntra/Jabong, Praxis, and Jusco (TATA)
- Owned **project lifecycle management**, from planning and execution to deployment and post-delivery support
- Ensured **quality, timeline adherence, and stakeholder alignment** across multiple projects
- Drove **business development initiatives**, including vendor onboarding, partner management, and channel expansion

★ **Key Achievement:** Delivered complex enterprise programs for marquee clients, strengthening delivery capability and organisational credibility

Business Development & Customer Success Executive

BigDeal Ventures | Feb 2016 – Apr 2017 | Bengaluru

- Managed **lead generation, client onboarding, and customer engagement**, improving acquisition and retention
- Supported **customer success initiatives**, ensuring client satisfaction and long-term engagement

★ **Key Achievement:** Improved client acquisition and retention through structured engagement and relationship management

Quality Analyst Engineer

Edusys Services Pvt. Ltd. | Nov 2014 – Jun 2015 | Bhubaneswar

- Ensured **product quality and reliability** through structured testing and process adherence

Technical Recruiter

Systems Technology International | Nov 2013 – Oct 2014 | Bhubaneswar

- Supported **efficient talent acquisition**, improving hiring turnaround time

EDUCATION

➤ Bachelor of Technology – Computer Science & Engineering | BPUT | 2009 – 2013
