PROFILE SUMMARY

Supply Chain & Warehouse Leader with 12+ years of experience owning large-scale, multi-site operations across e-commerce, manufacturing, and global logistics. Proven track record of leading 600+ workforce, managing high-volume fulfilment (0.15M+ orders/day), and driving cost, service, and productivity improvements.

Experienced in P&L ownership, vendor strategy, network scaling, and operational transformation across 30+ countries. Strong focus on automation, data-driven decision-making, and building scalable supply chain systems.

CORE SKILLS

Supply Chain Leadership | P&L Ownership | Multi-Site Warehouse Operations | Network Planning | 3PL & Vendor Management | Cost Optimization | Inventory & Fulfilment | Automation & Digital Transformation | Stakeholder Management | Lean Six Sigma

PROFESSIONAL EXPERIENCE

Senior Operations Manager (Global Supply Chain)

Astreya (Client: Google) | Jul 2025 – Present

- Own global warehouse and logistics operations across 30+ countries covering inbound, storage, outbound, and reverse logistics
- Drive SOP standardization, KPI governance, and performance management across international network
- Lead vendor strategy, cost optimization, and resource planning across geographies
- Spearhead ERP/WMS-driven digital transformation and analytics-based decision making
- Partner with finance, procurement, and operations leaders to align supply chain with business goals

Senior Operations Manager (**Flipkart & Myntra** | Oct 2018 – Jul 2025)

- Owned end-to-end warehouse operations handling 0.15M+ daily orders with 600+ workforce across multiple facilities
- Managed inventory, fulfilment, returns, and first-mile logistics with full ownership of cost and performance metrics
- Delivered 17% reduction in cost per unit through process optimization and vendor negotiations
- Scaled inventory from 10L to 30L units within 90 days during peak demand
- Led peak operations (Big Billion Days, EORS) ensuring high SLA adherence and service levels
- Managed 3PL partners and improved performance through structured governance
- Improved compliance and operational accuracy from 86% to 99%

Senior Officer – Operations (**KEF Infra** | May 2016 – Jun 2018)

- Managed large-scale production and infrastructure operations with cross-functional leadership
- Led planning and execution for key projects including Indira Gandhi Canteen initiative

Assistant Engineer (**MGM Steels** | Dec 2012 – Apr 2015)

- Managed plant maintenance operations improving MTTR and MTBF for critical equipment
- Coordinated with OEMs (ABB, Siemens, L&T) for installation and maintenance

EDUCATION

MBA (European Business) – University of Bordeaux, France
