DARSHAN.A.S

B.E, Electronics and Communication Engineering,
Visvesvaraya Technological University,
Bangalore, Karnataka, India.

PROFESSIONAL SUMMARY

Embedded Professional with 7 years of industry experience across firmware validation, system testing, RF testing, and product engineering. Strong expertise in Embedded C, Linux, debugging and Agile methodologies.

Proven ability to collaborate with cross-functional teams, mentor engineers, support product lifecycle, and work closely with development and manufacturing teams.

EXPERIENCE

Embedded Consultant (Independent).

Feb 2025 – Present

- Completed hands-on training in ARM Cortex-M4 with STM32 Development and Embedded C Programming.
- Tested embedded drivers (GPIO, UART, SPI, I2C, ADC, PWM) using Embedded C.
- Implemented Interrupt handling, timers, memory mapping, and linker scripts.
- Built STM32 based projects (UART communication, peripheral interfacing).
- Strengthened expertise in Bare-metal firmware, Real-time debugging, and Embedded system design.

Senior Associate Consultant

Infosys Ltd, Bangalore

Jan 2022 – Jan 2025

- Performed system validation for set-top box platform, covering feature, regression and performance testing.
- Performed debugging on Windows Embedded Compact.
- Improved product quality by identifying defects through log analysis and testing strategies.
- Collaborated with cross-functional Agile teams for sprint planning and defect tracking.
- Mentored junior engineers and enhanced team productivity and testing practices.

Embedded Trainee.

EMERTXE, Bangalore.

Apr 2021 – Dec 2021

- Completed hands-on training in Embedded Systems & Linux.
- Developed microcontroller-based projects using STM32, ARM Cortex-M, and PIC.
- Implemented bare-metal firmware and peripheral drivers.
- Gained practical experience in Embedded C programming and debugging.
- Strengthened fundamentals in memory management, interrupts, timers, and communication protocols.

Deputy Engineer

Bharat Electronics Ltd, Bangalore.

Apr 2018- Dec 2020

- Conducted RF testing and validation for Akash-NG missile system modules.
- Designed and implemented test plans for critical defense systems.
- Performed hardware debugging, and signal analysis using oscilloscope and spectrum analyzer.
- Collaborated with R&D, production, and quality teams to resolve system-level issues.
- Delivered compliance reports and supported audits for defense-grade standards.

Software Engineer

Klaus IT Solutions Pvt Ltd, Bangalore.

Jan 2018- Apr 2018

- Performed automotive ECU and camera module testing using Vector CANoe.
- Designed and executed test cases aligned with automotive quality standards.
- Improved defect detection efficiency through optimized testing process.

Graduate Engineer Trainee**CDOT, Bangalore.****Oct 2016- Oct 2017**

- Validated telecom networking device (IPDSLAM modem).
- Conducted firmware and board-level testing.
- Assisted in debugging field issues.
- Documented logs, defects and validation reports.

EDUCATION

Examination	University	Institute	Year	Percentage
B. E	VTU	East West Institute. of Technology	2012-16	74 %
XII	CBSE BOARD	Sri Vani Education Centre	2012	81 %
X	CBSE BOARD	Sri Vani Education Centre	2010	95 %

TECHNICAL SKILLS

-
1. Embedded Platforms: STM32, ARM Cortex-M, PIC.
 2. Programming: Embedded C, C++, Shell scripting.
 3. Operating Systems: Linux, Windows Embedded Compact.
 4. Protocols & Interfaces: UART, I2C, SPI, CAN.
 5. Debugging & Tools: JTAG, Logic Analyzer, Oscilloscope, Multimeter.
 6. Development Tools: Git, Jira, Keil µVision, STM32CubeIDE, GCC, Vector CANoe.
 7. Methodologies: Agile, Scrum, V-Model, SDLC, defect life cycle.

TECHNICAL TRAINING

-
1. Microsoft Azure Fundamentals (AZ-900).
 2. Embedded System Certification – Emertxe.
 3. Yocto & Linux Training.
 4. Agile & Scrum Fundamentals.

PERSONAL INFORMATION

-
1. Date of Birth: 26 April 1994.
 2. Languages Known: English, Kannada, Marathi, Hindi.
 3. Location: Bangalore, India.
